

Bringing a World of Energy Experience Together

Did you know:

- **original equipment manufacturers in the Northeast buy much of their goods and services from suppliers in the Northeast?**
- **small companies may be eligible to receive funds for trade and export promotion?**
- **funding is available from public and private sources to help companies grow?**

Please join us for the 2013 Supply Chain Exchange on April 3, 2013 in Westborough, Massachusetts!
[Registration is now open](#)

This networking event is designed to connect the hydrogen, fuel cell, and other electrochemical systems manufacturers in the Northeast with regional suppliers to accelerate business growth and innovation. This event will include dynamic **"Matchmaking"** sessions that consist of one-on-one meetings between **OEMs** and potential suppliers, and networking sessions for suppliers. OEMs that are now scheduled to participate include:

- [Advent Technologies](#)
- [AvCarb Material Solutions \(formerly Ballard Material Products\)](#)
- [ClearEdge Power \(formerly UTC Power\)](#)
- [Proton Onsite](#)
- [FuelCell Energy](#)
- [Giner, Inc.](#)
- [Infinity Fuel Cell & Hydrogen Inc.](#)
- [Nuvera Fuel Cells Inc.](#)
- [Precision Combustion Inc.](#)
- [Sustainable Innovations](#)
- [Treadwell Corporation](#)

In addition, businesses will be able to learn about funding and business services, and meet with federal, state, and regional resources, including:

- [Small Business Administration](#)
- [Massachusetts Office of International Trade and Investment](#)
- [Massachusetts Clean Energy Center](#)
- [Massachusetts Small Business Development Center](#)
- [Connecticut Small Business Development Center](#)
- [Connecticut Department of Economic and Community Development](#)
- [Enhanced Capital](#)
- [Marketing Edge](#)
- [Association of Cleantech Incubators of New England \(ACTION\)](#)

Register now and you will be given access to the event's appointment scheduler by email that will enable you to reserve up to five appointment times for one-on-one meetings with the hydrogen and fuel cell system manufacturers.
